PROFESSIONAL EXPERIENCE

Nov 2024 – Present
Team Leader
Walstar Technology – Kolhapur, India

- Promoted from Junior Developer to Team Leader within 2 years due to performance and leadership.
- Lead a team of 5+ frontend developers, delegating tasks, reviewing code, and ensuring best practices.
- Developed and customized WordPress themes, plugins, and WooCommerce solutions focusing on speed, security, and scalability.
- Oversaw client communications from requirement gathering to delivery, ensuring satisfaction and repeat business.
- Conducted training sessions on frontend frameworks, Git workflow, and CMS usage to upskill the team.
- Implemented SEO best practices and optimized performance, reducing website load times by 40%.
- Managed project timelines, prepared reports, and ensured on-time delivery within budget.

Apr 2023 – Nov 2024
Senior Frontend Developer
Walstar Technology – Kolhapur, India

- Actively collaborated with the team to tackle complex technical challenges and implement suitable solutions.
- Participated in all phases of the development lifecycle: analysis, design, development, testing, and deployment.
- Took charge of client communications, attending calls to clarify requirements and ensure alignment with project goals.
- Delivered customized WordPress solutions including theme/plugin development, integrations, and responsive layouts.
- Worked with **Webflow** and **Wix** to design and deploy landing pages, CMS-driven websites, and marketing sites.
- Integrated third-party services such as email marketing tools (Constant Contact, Mailchimp) and performance tracking tools.
- Managed large-scale WordPress e-commerce projects, implementing product management systems, dynamic collections, and advanced customization features to enhance customer experience.

- WooCommerce
- App integrations
- Wix
- Squarespace
- Webflow
- Landing page design

LANGUAGE

- English
- Marathi
- Hindi

Aug 2022 - Apr 2023

Junior Frontend Developer

Walstar Technology – Kolhapur, India

- Focused on personal growth and development while contributing to complex web projects.
- Played a key role in front-end website development using CMS platforms such as **WordPress, Webflow, Wix, and Squarespace**.
- Translated design mockups from **Figma, Adobe XD, and Photoshop** into fully functional, responsive websites using **WordPress, Bootstrap, HTML, CSS, and JavaScript**.
- Delivered projects including sales funnels, landing pages, and full-featured websites, ensuring performance optimization, cross-browser compatibility, and a seamless user experience.
- Collaborated with designers, backend developers, and clients to transform requirements into scalable, user-friendly solutions.

Declaration

Add a little bit I confirm that all the information provided in the resume is accurate, and I take full responsibility for any necessary corrections of body text.
